The Blackheath Annual District Church Meeting (ADCM) on Sunday 5th April was cancelled and the Church of England has currently extended the deadline for the 2020 Annual Parish Church Meetings (APCMs) to 31st October. On this basis, the Blackheath ADCM should therefore be held sometime prior to the APCM in the autumn. Existing role holders will continue in office for an extended period and the elections for new Churchwardens, PCC/DCC and Deanery Synod lay members is extended to the 31st October. Churchwardens who were chosen in 2019 will continue to hold office until 31 January 2021 unless their successors are admitted to office before that.
